So I lost much money in those scams. But then I realized that there are some websites and companies who can genuinely pay for your online work.

I decided to choose one of them. Because I like writing jobs so I decided to write e-books and sell them through genuine websites and you know, after some time there was little money deposited in my bank account! I searched from where it came. And I was happy this website paid me for my e-books they sold on their website.

90% websites who offer online jobs or online money making schemes are scam and only 10% are genuine but you cant know who are genuine and who are scams, before you try them. So in this book I also shared genuine website links that really pay for your online work.
