*Reading Power's* unique process methodology teaches students to view reading as a process. At each level, students focus on four skill areas:

- **Extensive Reading** (Reading for Pleasure) lets students select their own reading materials to practice new strategies, build fluency, increase comprehension, and broaden their vocabulary.
- **Vocabulary Building** trains students in a variety of strategies for learning new words, from personalized vocabulary lists to noticing collocations.
- **Reading Comprehension** covers skimming, scanning, recognizing topics and main ideas, understanding sentences, and making inferences. Critical Thinking Skills (upper levels) involves targeted practice in inferential and analytical skills.
- **Reading Faster** helps students develop speed and flexibility in reading with high-interest, short fiction and non-fiction selections.
