## **Reality: A Sweeping New Vision of the Unity of Existence, Physical Reality, Information, Consciousness, Mind and Time** Edgar L Owen

Reality is a groundbreaking new work that presents an entirely new understanding of reality. Based solidly in modern physics, cognitive science, information theory and direct experience it provides convincing explanations for many of the greatest mysteries of existence. Direct, accessible, and to the point it reveals one new insight after another. It explains why spacetime is not a fixed background to events but emerges piecewise as separate spacetimes from the dimensional relationships generated by quantum events, and how this leads to the unification of quantum theory and general relativity and resolves all quantum paradoxes. It explains why nature is forced to act randomly at the quantum level when linking and aligning these individual space-times and how this is the source of all randomness and free will. It explains why we all travel through time at the speed of light but can never leave the present moment, why there is an arrow of time, and a present moment in which we all exist. It explains how there are two kinds of time, the time of the present moment and clock time, and why this means our universe is the surface of a 4-dimensional hypersphere with present time as its radial dimension and how we actually see all 4-dimensions, It demonstrates the physical world we think we live in is actually a simulation in our mind, and when we subtract everything mind adds to this simulation all that is left is an evolving information system that continually computes the current state of the universe, and this is the true fundamental structure of reality. It also explains the true nature of consciousness and how all the attributes of consciousness but one are actually those of reality itself. It also answers the most fundamental questions of why something rather than nothing exists, and why what exists is what exists. Finally it explains how the true fundamental nature of reality is actually being experienced in every moment of our lives and how we can realize that more deeply and completely. All and all a book impossible to ignore which is sure to have a lasting impact on the study of reality for years to come.

### **From reader reviews:**

#### **Timothy Larios:**

What do you concentrate on book? It is just for students since they're still students or that for all people in the world, exactly what the best subject for that? Just simply you can be answered for that query above. Every person has various personality and hobby for every other. Don't to be pressured someone or something that they don't need do that. You must know how great in addition to important the book Reality: A Sweeping New Vision of the Unity of Existence, Physical Reality, Information, Consciousness, Mind and Time. All type of book are you able to see on many solutions. You can look for the internet sources or other social media.

#### **Maribel Davenport:**

In this 21st hundred years, people become competitive in each and every way. By being competitive now, people have do something to make all of them survives, being in the middle of often the crowded place and notice through surrounding. One thing that often many people have underestimated it for a while is reading. Sure, by reading a book your ability to survive increase then having chance to remain than other is high. For you personally who want to start reading some sort of book, we give you this specific Reality: A Sweeping New Vision of the Unity of Existence, Physical Reality, Information, Consciousness, Mind and Time book as nice and daily reading publication. Why, because this book is greater than just a book.

#### **Arthur Freeman:**

Reading a e-book can be one of a lot of task that everyone in the world enjoys. Do you like reading book so. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new data. When you read a guide you will get new information since book is one of various ways to share the information or perhaps their idea. Second, reading through a book will make a person more imaginative. When you looking at a book especially fictional works book the author will bring you to definitely imagine the story how the personas do it anything. Third, you could share your knowledge to other people. When you read this Reality: A Sweeping New Vision of the Unity of Existence, Physical Reality, Information, Consciousness, Mind and Time, it is possible to tells your family, friends and soon about yours guide. Your knowledge can inspire the mediocre, make them reading a book.

#### **Nelson McNamee:**

The book untitled Reality: A Sweeping New Vision of the Unity of Existence, Physical Reality, Information, Consciousness, Mind and Time contain a lot of information on this. The writer explains your ex idea with easy way. The language is very clear and understandable all the people, so do not worry, you can easy to read it. The book was written by famous author. The author gives you in the new time of literary works. It is easy to read this book because you can keep reading your smart phone, or model, so you can read the book throughout anywhere and anytime. In a situation you wish to purchase the e-book, you can available their

official web-site in addition to order it. Have a nice learn.
