Bursting with new features, Apple's iMovie '09 is vastly more usable and complete than iMovie '08--amazing right out of the box. But the box doesn't include a good user's guide, so learning these applications is another matter. *iMovie '09 and iDVD: The Missing Manual* gets you up to speed on everything you need to turn raw digital footage into highly creative video projects.

You get crystal-clear, jargon-free explanations of iMovie's new video effects, slow & fast motion, advanced drag & drop, video stabilization, and more. Author and New York Times tech columnist David Pogue uses an objective lens to scrutinize every step of process, including how to:
