## **Visualizing Human Geography: At Home in a Diverse World** Alyson Greiner

Visualizing Human Geography is a comprehensive, modern book for today's human geography course. With current examples, thorough coverage of geographers tools and technology, and a visual design that is accessible without sacrificing content, it is a title that will appeal to a broad range of instructors.

The narrative and concepts are tightly linked to visual elements, including practical examples that highlight the relevance of the concepts. Maps are integrated throughout to help reveal patterns or trends. Divergent views and critical thinking are emphasized. Photographs and other visuals are also included to reinforce the concepts.
