Kenneth T. Walsh

Air Force One: A History of the Presidents and Their Planes Kenneth T. Walsh

From the award-winning chief White House correspondent for *U.S. News & World Report* comes the definitive history of Air Force One.

From FDR's prop-driven Pan Am to the glimmering blue and white jumbo 747 on which George W. Bush travels, the president's plane has captured the public's awe and imagination, and is recognized around the world as a symbol of American power. In this unique book, Kenneth Walsh looks at the decisions that our last 12 presidents made on the plane; the personality traits and peccadilloes they revealed when their guard was down; and the way they each established a distinctive mood aboard that was a reflection of their times, as well as their individual personalities.

Based on interviews with four living presidents, scores of past and present White House officials, and staff and crew members of Air Force One, Walsh's book reveals countless fascinating stories of life aboard the "flying White House." It also features descriptions of the food, the decor, the bedrooms, the medical clinic, and much more--as well as remarkable photos of the planes (inside and out) and the presidents.

From reader reviews:

Elmer Dooley:

Do you have favorite book? For those who have, what is your favorite's book? Reserve is very important thing for us to be aware of everything in the world. Each e-book has different aim as well as goal; it means that book has different type. Some people experience enjoy to spend their a chance to read a book. They may be reading whatever they have because their hobby is definitely reading a book. Consider the person who don't like examining a book? Sometime, particular person feel need book when they found difficult problem or maybe exercise. Well, probably you'll have this Air Force One: A History of the Presidents and Their Planes.

George Pinard:

Reading a reserve tends to be new life style with this era globalization. With studying you can get a lot of information that will give you benefit in your life. Together with book everyone in this world can easily share their idea. Textbooks can also inspire a lot of people. A great deal of author can inspire their very own reader with their story or maybe their experience. Not only situation that share in the guides. But also they write about advantage about something that you need instance. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors in this world always try to improve their expertise in writing, they also doing some exploration before they write to their book. One of them is this Air Force One: A History of the Presidents and Their Planes.

Sunday Richey:

Within this era which is the greater individual or who has ability in doing something more are more valuable than other. Do you want to become among it? It is just simple method to have that. What you must do is just spending your time very little but quite enough to get a look at some books. One of many books in the top collection in your reading list is definitely Air Force One: A History of the Presidents and Their Planes. This book and that is qualified as The Hungry Hillside can get you closer in turning out to be precious person. By looking right up and review this reserve you can get many advantages.

Valery Carpenter:

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some guide, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring along with can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Air Force One: A History of the Presidents and Their Planes can make you experience more interested to read.
