#### **Lucy** Laurence Gonzales

Laurence Gonzales's electrifying adventure opens in the jungles of the Congo. Jenny Lowe, a primatologist studying chimpanzees-the bonobos-is running for her life. A civil war has exploded and Jenny is trapped in its crosshairs.

She runs to the camp of a fellow primatologist, but the rebels have already been there. Everyone is dead except a young girl, the daughter of Jenny's brutally murdered fellow scientist-and competitor.

Jenny and the child flee, Jenny grabbing the notebooks of the primatologist who's been killed. She brings the girl to Chicago to await the discovery of her relatives. The girl is 15 and lovely-her name is Lucy.

Realizing that the child has no living relatives, Jenny begins to care for her as her own. When she reads the notebooks written by Lucy's father, she discovers that the adorable, lovely, magical Lucy is the result of an experiment: she is part human, part ape-a hybrid human being.

Laurence Gonzales's novel grabs you from its opening pages and you stay with it, mesmerized by the shy but fierce, wonderfully winning Lucy.

#### From reader reviews:

#### **Timothy Roesch:**

What do you concerning book? It is not important to you? Or just adding material when you need something to explain what your own problem? How about your spare time? Or are you busy particular person? If you don't have spare time to do others business, it is make one feel bored faster. And you have spare time? What did you do? Every person has many questions above. They must answer that question simply because just their can do that will. It said that about book. Book is familiar in each person. Yes, it is correct. Because start from on jardín de infancia until university need this particular Lucy to read.

#### Claudia Butler:

Do you considered one of people who can't read gratifying if the sentence chained inside the straightway, hold on guys this particular aren't like that. This Lucy book is readable by you who hate the straight word style.
