## **The Everly Brothers: Walk Right Back White**

The 1984 edition of this book has been updated to follow Don and Phil's career over the past 15 years since the Reunion.

The author has undertaken extensive interviews with both the brothers for this update, giving an in-depth insight into their differing personalities and outlook on life and music.

The opportunity has been taken to redesign the book, and it includes an updated discography that covers both their new recordings and the significant compilations which have been released, drawing on their rich catalogue of recorded music.

There will be approximately 80 photographs, many of them new to this edition.

As Roger White says in his preface to the book: 'The Everly Brothers were, and are, unique. This book is intended to show, through a review of their lives and careers, why this is so.'
