The Wife Swap Road Trip: An Accidental Wife Swap Vacation Kimmie Katt

My two best friends and our husbands took a long overdue vacation and rented a perfect RV for the trip. While one couple drove, the other two could have plenty of fun in the two private mini-bedrooms. It was late one night when Gabby and I decided to head back to our places and enjoy our men. I thought all of the sex had really excited my husband because he was far more intense and rough than I was used to. It made things even better in the pitch black little room as the RV rumbled on the road beneath us. I was looking forward to making rough sex a bigger part of our sex lives. Then something happened that set my mind on a tailspin. He spoke. He spoke and he called me, "Gabby." I'd accidentally slept with my friend's husband, and that meant she was sleeping with mine!

Warning: This ebook contains very explicit descriptions of sexual activity during a wife swap sex encounter and includes deep throat, rough sex, and more. Only mature adults who won't find that offensive should read this story.

Here is a preview:

There was an eerie significance to everything we did. There wasn't a lot of moaning or shouting or bold vocalizations; soft moans were about it. Nevertheless, the natural subtlety we developed to accommodate having two other couples in the immediate vicinity was entirely offset by a subconscious realization that if we moaned loudly, if we called out our husbands' names, we would be heard.

After I closed the little compartment door behind me, Gabby's very soft pleased sounds still fresh in my mind, I stripped myself of all clothing and tiptoed to the bed. It was a small bed (a twin), but it added to the closeness we were sharing each night because we were forced to share such a small space. I couldn't see an inch of front of me, but that excited me all the more.

Leaning down, I felt my way along the hem of the blanket and lifted it. Chuck stirred slightly as I shuffled up underneath the covers, and he made a deep sound in his throat when I ran my hands up along his thighs. To my surprise, and delight, he was sleeping in the buff, which made my surprise ravishing all the easier. He very, very rarely did that, but as my hands found his cock and I began stroking it, I thought he ought to do it more often.

He sprung an erection almost instantly, which was wonderful but also unexpected. Not to say that my man had "problems" in that area, but it usually took a little bit of stimulation to get the ball rolling. This time, however, he not only had an erection, but he seemed harder than he'd ever been before. It sparked my arousal further. I moved upwards a little and began licking softly, sucking the bottom curve of his balls, and I heard him gasp.
