Welcome to the Shit Show: and other essays Dana Sitar

The stories in this book follow author Dana Sitar and a crew of hopeful twentysomethings through a journey of self-discovery as writers and artists; wandering through sex, drugs, music, divorce, and more as they figure out who, what, and how to be in this world.

There's that time Dana went to a country music festival and discovered just how debauched drunk Christians can become.

There's the time she made out with a naked French girl in a hot tub in northern Wisconsin.

Plus, watching friends and family make music in an old basement, discovering the woman she could be after a divorce, and realizing that all that matters in life is to write (and live a life worth writing about).

Follow this writer from her Wisconsin hometown into a new life driven by an ever-increasing love for sex, drugs, and rock and roll - and the ongoing discovery of what the hell that means.
