The New World (History of the English Speaking Peoples) (Vol 2)

Sir Winston S. Churchill

The New World (History of the English Speaking Peoples) (Vol 2) Sir Winston S. Churchill

In the two centuries that this volume covers - between 1485 and 1688 - many of the landmark events described are factors that cemented the character of the nation, and the world, which we know today. England became a Protestant country under Henry VIII; his daughter Elizabeth became the celebrated Virgin Queen; and the discovery of 'the round world' enabled a vast and magnificent continent across the Atlantic to be sought and found. While this new era of global expansion spawned the beginnings of modern America, England was engaged in a bloody Civil War and 'the country sustained a Republican experiment under the massive personality of Oliver Cromwell'. The volume concludes in the reign of William of Orange, the Protestant faith having been secured under a Dutch monarch. RENAISSANCE AND REFORMATION The Round World; The Tudor Dynasty; King Henry VIII; Cardinal Wolsey; The Break with Rome; The End of the Monasteries; The Protestant Struggle; Good Queen Bess; The Spanish Armada; Gloriana THE CIVIL WAR The United Crowns; The 'Mayflower'; Charles I and Buckingham; The Personal Rule; The Revolt of Parliament; The Great Rebellion; Marston Moor and Naseby; The Axe Falls THE RESTORATION The English Republic; The Lord Protector; The Restoration; The Merry Monarch; The Popish Plot; Whig and Tory; The Catholic King; The Revolution of 1688
