Prolegomena to a Carnal Hermeneutics Hwa Yol Jung

Prolegomena to a Carnal Hermeneutics introduces the importance of body politics from both Eastern and Western perspectives. Hwa Yol Jung begins with Giambattista Vico's anti-Cartesianism as the birth of the discipline. He then explores the homecoming of Greek *mousike* (performing arts), which included oral poetry, dance, drama, and music; Mikhail Bakhtin's dialogical body politics; the making of body politics in Hannah Arendt, Emmanuel Levinas, and Luce Irigaray; Marshall McLuhan's transversal and embodied philosophy of communication; and transversal geophilosophy. This tour de force will be an engaging read for anyone interested in the above thinkers, as well as for students and scholars of comparative philosophy, communication theory, environmental philosophy, political philosophy, or continental philosophy
