## **Results Without Authority: Project Manager's Guide** Tom Kendrick

Here's how to take control of teams and projects - even when you're not the boss.

Project leaders these days supervise few if any of the people that they rely upon for project success. Getting projects off to a good start and then maintaining control of them is an enormous challenge for a project leader who has little or no formal authority. But there are many proven, powerful techniques a strong project leader can employ to keep projects and teams on track.

*Results Without Authority* explores a wide range of effective methods and tools for leading a diverse team, and includes clear, insightful examples that demonstrate how they work in a variety of situations. Packed with invaluable guidance for controlling projects of all scopes and in any field, *Results Without Authority* will help novice and experienced project leaders get the best from their project teams.
