Guardians of Atlantis - The Bermuda Triangle E. J. Andrews

Written by E. J. Andrews, it's a modern story in which the past and present collide...

It recalls the true nature of America's ancient history. A discovery that has been erased from our history books, and something that has been forgotten by the people who settled our frontier.

~~~~~

In 133 BC, the Roman Zeus 'Tiberius Sempronius Gracchus' sailed to America with 300 men. The Byzantine Empire emerged just a few centuries later when the descendants of King Henry Bartholomew returned to guide the fall of the Roman Empire & hatch the future Kings of England. A historical truth that has been withheld from the people of our world... until now!

From the Lucian Pirates of Cape Verde to the citadel of Atlantis in the Caribbean Sea, the Minoan Guards of the ancient Mediterranean founded a new home across the great ocean. The Kingdom of Naples made the Floridian Peninsula its new home when Mt. Vesuvius erupted in 79 AD. King Henry Tiberius Bartholomew summons a royal banquet. Christopher Columbus steps into the New World for the first time alongside his father, he is only 10 years old. A chance meeting with the descendants of Alexander the Great will forge new alliances that will tear the world apart. The East & West collide as the Old World and the New World come into contact again in 1492 AD. Atlantis falls, god falls... only the tropical island remains.

The church splits into two parts with a schism... the world is at war!
