Into Each Life Some Rain Must Fall: "Facing Adversity" Barry Ross

There are many people in our modern times who are searching the world over via internet, mediums, physics (necromancers) etc., to try and acquire knowledge of their future. Confused within the spirit of their minds, they search day and night for answers weighing heavily within the chambers of their hearts! Life is tossing them as a ship being tossed by the waves of the sea in a terrible storm. One day they are joyful, but the next three their sad. They try every sort of entertainment to keep their hearts cheerful with little success. Marriages are falling apart throughout the world. Trouble is within the walls of most homes unknowingly why! Many walk around every day with a smile on their face but tears falling deep within their heart. Fighting back the tears, attempting to restrain the pain, most drag on day after day! Most are lost in the world because of the game "follow the leader." Necromancers are filling their bank accounts by giving false hopes to lost souls being tossed to and fro like a ship in a storm in the midst of a troubled sea: the ship cannot be controlled because the troubled sea have over powered it! most in the world today are contemplating, searching, for the answer to how to make their lives better and happier. The problem is they're searching in the wrong places, following the wrong leaders resulting in the "blind leading the blind" ultimately both end up in a ditch! The answers to every aspect of life lay within the scope of the Bible, free of charge to anyone who dare to open it! God send rain upon the earth at times of his appointing: although to many people the rain is irritable and inconvenient, and their souls become downcast within them! When God send rain upon the earth, it is needful as the Bible declare that God is blessing the earth. Although to most it is a hindrance, it is necessary and vital to the earth for without the rain the seed planted in the ground by farmers would be planted in vain. If God with held the rain from the earth all human life would perish! when the sun is shinning upon the earth it brings great joy to the heart of men. People are motivated, constantly on the move, smiles everywhere you turn but let it rain: all smiles fade, the population slows almost to a stand still and most are demotivated! I am not one of those individuals who are troubled by the rain as I know God's purpose in sending it. Likewise God send rain into our lives in the form of adversity! When God send the rain (adversity) into most people's life, the rain dominate their life. There is purpose in God's sending rain (adversity) into our lives; and just as rain blesses the earth it in the form of "adversity" is a blessing to one's life when one understand its purpose! The sun is not going to shine everyday on the earth, neither will it shine everyday within our lives, there will come times, more ofeten than none that all that will fall is rain (adversity)! We need to know what to do when "facing adversity" in our lives: we must learn to listen to the rain for "God's still soft voice," "yet, God himself is not in the rain!" One must face the fact in life that "Into Each Life Some Rain Must Fall!" Today may be my day but Tomorrow it might be yours! When God send rain-adversity into our lives, it is a sure sign that something is wrong in our life: something is angering God about our life and that something is sin-disobedience to God. God is trying to reposition us in order to bless us as he so desires to do. Rain-adversity might come in the form of a marital separation, or worse, it might come in the form of a sentencing to jail or prison it might come in an eviction notice the deception of a confidant through the disrespectful child: yes, even sickness or death. Whenever and by whatever means that God Almighty send it into our lives its purpose is to be a blessing in disguise! God also determines the intensity of the rain (adversity) Find out God's purpose of the rain in your life and the only to face it!
