Race and History: Selected Essays 1938-1988 John Hope Franklin

In *Race and History*, John Hope Franklin, one of the nation's foremost historians, collects twenty-seven of his most influential shorter writings. The essays are presented thematically and include pieces on southern history; significant but neglected historical figures; historiography; the connection between historical problems and contemporary issues; and the public role of the historian. Collectively these essays reveal Franklin as a man who has exhibited immense courage and intellectual independence in the face of cultural and social bias, a scholar who has set the tone and direction for twentieth-century African-American studies, and a writer whose insistence on balance and truth has inspired two generations of historians. PRAISE FOR THE BOOK "These essays are examples of first-rate scholarship. Even when treading his way through the most treacherous issue of American life, race, Franklin is a model for us all...To read this collection is to be reminded of just how important John Hope Franklin has been in the historical profession." -Dan T. Carter, Emory University "This book is packed full of hard truths that needed saying. It is our fortune that they are said so well and in a voice that carries much authority." -C. Vann Woodward, *New Republic* "Readers will find these twenty-seven essays eloquent, barbed, timely and outspoken. Franklin's assessment of a widening socioeconomic chasm between blacks and whites, his sweeping surveys of racism from the American Revolution to the Civil War and beyond, are hard-hitting." -*Publisher's Weekly* "Franklin is a brilliant teacher, with something to teach us all. If only we will listen." -*Christian Science Monitor* John Hope Franklin is James B. Duke Professor of History Emeritus and professor of legal history at Duke University. He has received more than eighty honorary degrees. His books include *From Slavery to Freedom: A History of Negro Americans*; *Racial Equality in America*; *A Southern Odyssey: Travelers in the Antebellum North*; and *George Washington Williams: A Biography*.
