Relationship Silent Killers: (Love Salient Destroyers) Justin Tim

"In cases where a partner willingly denies the other of his/her conjugal rights may breed resentment and friction from the aggrieved partner. Partners should learn to talk/explain to each other anytime they may not be able to play their role in the home sexually without necessarily waiting till the 'eleventh hour' before giving excuses. Even when such excuses may be genuine, failure to highlighting them before hand may still make the other partner harbor grievances in his/her heart. If such issue(s) is not well handled may lead to total breakup of the union....Partners should not see and treat the inability of one partner not measuring up with blames, accusation on the part of one partner or should see it as a collective pain that needs the effort of both of them to solving".

This book examines the above and other "intricate salient love killers among married couples or young lovers that lead or may lead to divorce or break up between them. An understanding of these points will do much more than resolving crises in homes, marriages and the family institution as a whole thereby promoting a better society for us all".
