The Christian Church has an unfortunate history of sometimes getting it wrong. From racial equality to women's rights, twisting Scripture to fit a bigotry-based agenda is, regrettably, not unheard of.

While many choose to submit to majority rule in relation to the more controversial issues of our day, we must never forget that the majority ruled in relation to the subjugation of races and of women at one time or another. We are, therefore, compelled to allow the Bible to be the standard by which we accept or reject commonly held beliefs.

In *The Rebuttal*, Pastor Romell D. Weekly holds the pervasive, traditional arguments against homosexuality to this standard. He demonstrates through Scripture how the claims put forward by leading opponents of homosexuality have no basis in biblical reality.

As over 200 anti-gay arguments are put to the test--not through sociological appeals or personal philosophy, but through chapter and verse of Scripture itself--you will be challenged to put the traditional view of homosexuality where it rightly belongs--in the past.
