Birding Nantucket Andrews & Blackshaw

This is the Eighth edition of a 38-year collaboration between these two Nantucket bird icons. Bird comings and goings have changed over the years. Our planet is a bit warmer and Nantucket is becoming more gentrified on one hand and more forested on the other. If you are new to the island, the various birding trips described here will give you a chance to get out and enjoy many of the island's unique birds. Old-timers find the bar-charts in the back an excellent way to know when to expect a particular bird. This book is a must for any birder. Whether in the bicycle basket or the door pocket of your car, you'll want to have it near.
