Spiritual and Religious: Exploration for Seekers Roger Haight

Collected essays on various topics in religion and spirituality by a world-renowned theologian and prominent Orbis author. More accessible than Haight's academic theological works on Christology and Ecclesiology, these essays explore a broad range of topics befitting the author's turn in recent years toward the interests of a seeking, questioning generation that finds more fruit in spirituality than in dogmatic religion.

Haight also addresses interreligious dialogue, the uniqueness of the American church, and the connections between science and religion, among other topics.
