The Dead Letter Seeley Regester

A love triangle turns deadly in the first full-length detective novel by an American author

Published a decade prior to Anna Katharine Green's *The Leavenworth Case* (1878), *The Dead Letter* concerns the murder of Henry Moreland, whose body is found just a few steps from the home of John Argyll, Esq. Moreland was engaged to Argyll's daughter, Eleanor, and suspicion soon falls upon the lawyer's protégé, Richard Redfield. Desperate to clear his name, Redfield seeks the help of Mr. Burton, a famous New York City detective—but the case has more twists and turns than either of the two men could possibly imagine.

Set against the political turmoil of the Reconstruction Era, *The Dead Letter* is a fascinating historical document, a pioneering work of genre fiction, and a mystery with a cleverly satisfying conclusion.

This ebook has been professionally proofread to ensure accuracy and readability on all devices.
