Of Mice and Men: Animals in Human Culture is a book-length collection of essays that examines human views of non-human animals. The essays are written by scholars from Australia, East Asia, Europe and the Americas, who represent a wide range of disciplines in the Humanities and Social Sciences. Addressing topics such as animal rights, ecology, anthropocentrism, feminism, animal domestication, dietary restrictions, and cultural imperialism, the book considers local and global issues as well as ancient and contemporary discourses, and it will appeal to readers with both general and specialized interests in the role played by animals in human cultures.
