## Seventh Grave and No Body (Charley Davidson Book 7) Darynda Jones

Twelve. Twelve of the deadliest beasts ever forged in the fires of hell have escaped onto our plane, and they want nothing more than to rip out the jugular of Charley Davidson and serve her lifeless, mangled body to Satan for dinner. So there's that. But Charley has more on her plate than a mob of testy hellhounds. For one thing, her father has disappeared, and the more she retraces his last steps, the more she learns he was conducting an investigation of his own, one that has Charley questioning everything she's ever known about him. Add to that an ex-BFF who is haunting her night and day, a rash of suicides that has authorities baffled, and a drop-dead sexy fiancé who has attracted the attentions of a local celebrity, and Charley is not having the best week of her life. But all of that combined barely scratches the surface of her problems. Recent developments—and a few distressing prophecies—have forced her to become a responsible adult. Exactly the kind of adult she's never aspired to be. To conquer such a monumental task, she's decided to start small. Really small. She gets a pet. But how can she save the world against the forces of evil when she can't even keep a goldfish alive?

A tad north of hell, a hop, skip, and a jump past the realm of eternity, is a little place called Earth, and Charley Davidson, grim reaper extraordinaire, is determined to do everything in her power to protect it. We're doomed.
