William Golding

To the Ends of the Earth: A Sea Trilogy William Golding

To the Ends of the Earth, William Golding's great sea trilogy, presents the extraordinary story of a warship's troubled journey to Australia in the early 1800s. Told through the pages of Edmund Talbot's journal--with equal measure of wit and disdain--it records the mounting tensions and growing misfortunes aboard the ancient ship. An instant maritime classic, and one of Golding's finest achievements, the trilogy was adapted into a major three-part Mastpiece Theatre drama in 2006.
