The Mindful Way To Study: Dancing With Your Books Jake J. Gibbs, Roddy O. Gibbs

The ability to pay attention is a key component of effective learning. Just think of all the times in your life when parents, teachers, bosses, and coaches have told you to pay attention to what you are doing. You would think that with all of the attention paid to paying attention, we would be pretty good at it. The problem is we're not, because most of us have never been taught how. Commonly adopted methods like forced concentration are actually counterproductive to learning and achieving our goals. In addition, too much focus on future goals and rewards takes our attention away from what we need to be doing in order to achieve them. Luckily, there is another way, a better way: the mindful way. *The Mindful Way To Study: Dancing With Your Books* is a guide to help students, professionals, and other lifelong learners develop a better approach to their educational and career pursuits. By using mindfulness, or the practice of bringing full awareness to the present moment, the authors blend the latest research with entertaining stories and specific techniques to teach readers how to truly pay attention, and even learn to enjoy it.

From reader reviews:

Edward Tuttle:

Do you among people who can't read gratifying if the sentence chained from the straightway, hold on guys this specific aren't like that. This The Mindful Way To Study: Dancing With Your Books book is readable simply by you who hate the perfect word style. You will find the info here are arrange for enjoyable reading experience without leaving actually decrease the knowledge that want to give to you. The writer involving The Mindful Way To Study: Dancing With Your Books content conveys the thought easily to understand by many people. The printed and e-book are not different in the information but it just different by means of it. So , do you still thinking The Mindful Way To Study: Dancing With Your Books is not loveable to be your top listing reading book?

John Jonas:

With this era which is the greater man or woman or who has ability in doing something more are more precious than other. Do you want to become among it? It is just simple strategy to have that. What you have to do is just spending your time very little but quite enough to get a look at some books. One of the books in the top listing in your reading list is usually The Mindful Way To Study: Dancing With Your Books. This book which can be qualified as The Hungry Inclines can get you closer in getting precious person. By looking way up and review this guide you can get many advantages.

Bettie Hentges:

That guide can make you to feel relax. That book The Mindful Way To Study: Dancing With Your Books was bright colored and of course has pictures on there. As we know that book The Mindful Way To Study: Dancing With Your Books has many kinds or variety. Start from kids until adolescents. For example Naruto or Investigation company Conan you can read and believe that you are the character on there. Therefore not at all of book usually are make you bored, any it can make you feel happy, fun and chill out. Try to choose the best book for you personally and try to like reading in which.

William Wood:

As a student exactly feel bored in order to reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just very little students that has reading's heart or real their hobby. They just do what the educator want, like asked to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring in addition to can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this The Mindful Way To Study: Dancing With Your Books can make you truly feel more interested to read.
